EFFORT TO FORM CABINET FAILS

SENATOR IS UNABLE TO ORGANIZE BODY PRESIDENT IS TOLD

Doumer Quits Effort-- Press Says Dictator Is Planned

Paris, France--Senator Paul Doumer late today notified President Doumergue that he could not form a cabinet to succeed the fallen Poincaré organization.

Paris, Nov. 25--Senator Paul Doumer asked by President Doumergue to try to form a cabinet in succession to the fallen Poincaré regime today seemed likely to fail in the mission.

He continued to consult political leaders in his search for a combination which could face the chamber without defeat.

But, he told the United Press: "I am trying to see whether I can meet unsurmountable obstacles in forming a cabinet."

The remark was taken to mean he did not have much confidence in the success of the task set for him after Aristide Briand had reported his inability to accomplish it.

Despite the apparent futility of "dictator talk" the Quotidien, organ of the left coalition, charged today that the newly organized French Fascists recently had passed from door to door among the wealthy asking contributions for arms for "the future dictator."

This was answered by the conservative Echo de Paris, organ of the Catholic groups, with the counter-charge that the dictatorship agitation emanates from the Socialists and other left parties adding that the rumored dictator would come from their ranks.

SERVE PORK AT PEN

Ohio State Penitentiary, Columbus, Nov. 25--Roast pig, and not Turkey or chicken, will head the Thanksgiving menu for 2,500 prisoners here tomorrow.

A year ago when pork prices were prohibitive, Warden P. E. Thomas served chicken but now times are different.

Tomorrow's menu will consist of roast pig, mashed potatoes, bread, butter, cheese, pumpkin pie and coffee.

The boys will also receive a good breakfast and supper, Warden Thomas told the United Press.

The dinner will be topped off with the screening of Charlie Chaplin's film, "The Gold Rush" in which the comedian on the verge of starvation, roasts and eats one of his shoes.

BLAME FIREBUG FOR TWO SERIOUS FIRES

Martins Ferry, O., Nov. 25--Authorities today were inclined to believe that a firebug was responsible for two disastrous downtown fires here within the past five days.

The second fire, which destroyed the Pastime Theater with an estimated loss of \$40,000, occurred at almost the corresponding hour when a store in the same block was burned Friday night.

The theater was not occupied at the time. Fire companies from Bridgeport and Wheeling aided in extinguishing the blaze.

STOKES DEFENDANT IN SUIT FOR MILLION

New York, Nov. 25--W. E. D. Stokes, has been sued for \$1,000,000 for libel by his former attorneys, Daniel F. and John A. Nugent, it was revealed at the hearing which Stokes instituted to seek the return of papers in his attorneys' possession.

J. S. Mosley, negro, former butler for Stokes, testified two days ago that he had stolen these documents for the Nugents who promised him \$5,000. Later he said he turned them over to the attorneys for a lesser sum.

The Nugents deny these charges. The libel suit was started, they indicated in retaliation for his action to compel them to return the papers.

PALL OF MOURNING COVERS ENGLAND

London, Nov. 25--The mourning pall laid upon England by the death of Queen Mother Alexandra is reflected in the entertainment world, particularly in losses by theatres and caterers. On the other hand florists, tailors, and dressmakers are busy night and day filling orders in their lines in connection with the mourning season.

Carves His Way to Success

Michael Minerva, in the United States but three years, has made busts of Coolidge and Harding and is now at work on one of the late Robert La Follette which he will enter in the competition for the contract to make a statue of the Wisconsin statesman. (International Newsreel)

DONAHEY CLAN TO SPEND HOLIDAY AT INDIAN LAKE HUNTING RABBITS

Governor and Six Sons, Armed Like Militia, Leave To Chase Down Bunnies--Women of Family Remain at Home.

Columbus, O., Nov. 25--The Donahey clan, garbed in the habiliments of the ninrod and packing enough ordinance to massacre a rabbit colony, left here on a hunting expedition today that will take them into the Crane Island and Indian Lake regions where they will spend Thanksgiving potting the bunnies.

Several years ago, Gov. Vic Donahey promised his six sons that when the proper time arrived, they would invade the domain of the rabbit emmasse and today the promise was carried out when the governor and his progeny left in motor cars for the Lakes region.

Mrs. Donahey and four daughters--Mrs. Parke Ogden, Mrs. J. W. Huffman, Miss Marion and Miss Dorothy remained here and will have Thanksgiving.

SUPERINTENDENT OF FAIRMOUNT HOME TO DEFY AUTHORITIES

Ousted Institution Head Declares He Is In Charge

Canton, O., Nov. 25--Defying county authorities to eject him, E. E. Webb, deposed superintendent of the Fairmount Children's Home, entered the institution secretly today and declared himself in charge.

Webb, in assuming charge of the home, declared he was supported by state civil service commission and exhibited a letter from the commission informing him he was still on the state payroll.

The deposed superintendent refused to leave on demand of the trustees and Prosecutor McClintock met with Sheriff Kirk and county commissioners to consider means of ousting him.

McClintock likened Webb to a trespasser and urged that he be forcibly ejected. The trustees argued for a court order enjoining Webb from remaining in the home, however, and nothing definite was done.

Frank Milner, appointed Webb's successor when the latter was dismissed, refused to surrender the keys to Webb, although Webb demanded them and threatened legal action if they were not forthcoming.

McClintock urged the county commissioners to ignore the Civil Service Commission's letter, declaring the commission was ignorant of the facts in the case.

OUSTED CHIEF APPEALS

Newark, Nov. 25--The case of Charles Swank, ousted police chief, for reinstatement is being heard in common pleas court. Swank, suspended by Mayor Stevens, is appealing from the civil service commission's ruling.

YOUNG VANDERBILT GIVES COMMERCIAL AVIATION IMPETUS

Airlines and Ports To Be Established in Big Program

Detroit, Nov. 25--Development of commercial aviation along national passenger and freight lines, received added impetus here with announcement by Cornelius Vanderbilt, Jr., of New York that plans have been perfected to equip principal airlines with standard terminal facilities, to be known as the "Vanderbilt airports."

Following conferences with leaders of the airplane industry here, Vanderbilt authorized a statement through the United Press that a national airport program had been launched.

In addition to ports already established at Jacksonville and Daytona, Fla., Vanderbilt said four new fields will be ready within thirty days at Palm Beach, Miami, Tampa and Orlando.

Later, he announced, "Vanderbilt airports" will be opened along the air-route from Boston to Jacksonville; from Detroit to Atlanta, Ga., and eventually it is planned, lines reaching to the Pacific Coast will be similarly equipped.

The Boston-Jacksonville route will include New York, Washington, Richmond, Va.; Columbia, S. C., and Savannah; while the Detroit-Atlanta route will include Chicago, Indianapolis, Cincinnati, Memphis, Nashville and Chattanooga.

Headquarters for "Vanderbilt airports" Vanderbilt said, will be at Atlanta. The ports will be operated as a separate enterprise, to provide more adequate facilities, for aviation today and to be ready for the future, he said.

OHIO BRIEFS

Cambridge--The Murray Hill mine of the Akron Coal Company is in operation today after being idle for several months. The plant employs 250 miners and other workers.

Sebring--When hubby didn't like her food he would express his dislike by spattering the meals over the walls of his home, charges Mrs. Robert J. Atkinson, in asking for a divorce.

Youngstown--A murder warrant has been served on Gregory Bogoyevitch alleged slayer of "Big Mike" Protish, shot dead in his grocery store as he conversed with a customer. Police say the men were at odds because Bogoyevitch once caused Protish's arrest on a liquor charge.

Delaware--James W. Huffman, executive secretary to Gov. Donahey, was the principal speaker here today before the local chamber of commerce.

Lancaster--The Scioto Valley traction company paid Mrs. Rachel Williams \$1,000 for the loss of her husband, George Williams, killed by a traction car recently.

Cleveland--Mrs. Katie Turk, bride of three months tried to end her life by drinking poison after a quarrel with her husband.

Steubenville--George N. Henry, nationally known Elk, is dead at his home here after a brief illness.

CHAPMAN MUST DIE; SENTENCE COMMUTED

Washington, Nov. 25--President Coolidge has signed an order commuting the unexpired portion of Gerald Chapman's 25-year federal prison sentence, White House officials said today.

The commutation which turns the famous robber over to Connecticut authorities who wish to carry out a sentence of death by hanging on Chapman, is understood to have been delivered to authorities at Wethersfield State Prison in Connecticut, last night.

He was removed from the prison to federal jurisdiction when counsel filed habeas corpus proceedings in an effort to save Chapman's life and have him re-committed to the federal penitentiary from which he escaped.

TURKEYS SCARCE, PRICES HIGH FOR THANKSGIVING

Columbus, Nov. 25--The upward trend of prices of food-stuffs have made the Thanksgiving dinner this year more expensive than last year, according to market prices in Cincinnati, Columbus and Cleveland.

Everything, from turkey to the trimmings, has advanced in price within the last year, with the exception of cranberries. The increase has not been great, however, except in potatoes.

Today potatoes are quoted at from \$2.40 to \$2.70 a bushel. Last year they were selling at from 50 cents to \$1.

Turkey, the mainstay of the traditional Thanksgiving dinner, is about five cents a pound higher than a year ago, retailing from 55 to 60 cents a pound.

State Director of Agriculture Charles V. Truax, attributes the higher price of turkey to the

TEXAS GOVERNOR IGNORES DEMAND TO CALL SOLONS AND ATTENDS GAME

Austin, Tex., Nov. 25--Officialdom stood at ease at the capital today while Gov. Miriam A. Ferguson and her family with former Governor James E. Ferguson were enroute to College Station to see the Texas University and Texas Agricultural College play football.

Reports of the Travis County grand jury investigating highway matters which have caused a stir in Texas may be returned today, it was indicated.

Not the slightest indication has come from the woman governor as to whether she will call a special session of the legislature to investigate highway matters and other state departments. Meanwhile the list of house members who have affixed their names to the two petitions, asking a special session, has grown to 57, and Rep. Satterwhite believes he will have sufficient backing on his special session call in event the governor fails to make the call.

SEEK AMENDMENT TO OLD PETITION IN RHINELANDER CASE

Counsel For Plaintiff Admits Weakness of Annulment Action

White Plains, N. Y., Nov. 25--Counsel for Leonard Kip Rhinelander suing for annulment of his marriage to the former Alice Jones on the ground that she deceived him by denying her negro blood, now seeks to amend the complaint by adding the charge that she deceived him simply by keeping silent about her color.

The request for the amendment, was made by former Judge Isaac N. Mills, chief attorney for the young aristocrat. Supreme Court Justice Morschauer indicated he would deny the motion.

To the followers of the sensational trial this motion on its face is considered as a confession of weakness of his case as it now stands. Instead of alleging affirmative fraud, Rhinelander now would base his action on negative deception.

Leo Parsons Davis, counsel for the defendant, leaped upon Mills' motion with the statement "the plaintiff wants to put two arrows in his bow and shoot at two different marks."

Dr. Caesar McClelland a negro physician opening the day's testimony. Judge Morschauer postponed his decision on the amendments to the complaint saying he would hear arguments later in the day.

Dr. McClelland testified he had been called to treat Alice when she was suffering from influenza.

"In the course of your treatment of this defendant you observed the color of her body?" he was asked.

"Yes," he answered.

"What color was it?"

"Dark."

"About as dark as I am."

Mrs. Emily Brooks, sister of Mrs. Rhinelander followed Dr. McClelland as the next witness.

IDENTIFY VICTIM FOUND ON TRACKS

Cincinnati, O., Nov. 25--The body of a man found on a Baltimore and Ohio Railroad trestle near here last night was identified today as that of C. E. Coon, 52, Eubank, Ky., who was en route to the home of his grand children for Thanksgiving dinner.

A letter inviting Coon to the dinner, was found in his pocket. Both Coon's hands, at the wrist joint, were in his pockets. Apparently he was overcome by the cold and fell on the tracks.

EX-KAISER MAY BE RECIPIENT OF WEALTH

Berlin, Nov. 25--(U. P.)--Ex-Kaiser Wilhelm will become one of the richest men in Europe if an agreement between him and the state of Prussia for settlement of his claims against the state is ratified by the Prussian diet.

Not only will Prussia turn over to him thirty million marks cash (\$7,500,000) but also rich properties including six out of eighty castles and 150,000 acres of land and forest.

This settlement has been reached after a series of negotiations covering the better part of six years.

FOURTH PASSENGER DYING IN HOSPITAL FOLLOWING TRAGEDY

Machine Demolished - When Struck at Grade Crossing

Toledo, Nov. 25--Two men and a woman were killed and another woman perhaps fatally injured when their automobile was demolished by a train at a Michigan Central grade crossing near here today. The dead:

Julia Nowak, Toledo.
Harold Arndt, Toledo.
Richard Ward, Toledo.

Miss Pauline Horwat was brought to a hospital here in a dying condition.

The four were returning from an automobile ride when the train struck the machine, it was believed. Miss Nowak was the driver of the machine. Her body was found wedged in the seat, her neck broken and her head crushed. The mangled bodies of the men were found 20-feet from the wreckage.

Both women were richly dressed. The girl in the hospital is still unconscious, physicians said. Her skull was fractured and she suffered possible internal injuries. A ring bearing the inscription "Blissfield High School 1924" was found on one of her fingers. The ring also bore the initials "A. S."

THINK CLUB FIEND HAS LEFT TOLEDO

Toledo, O., Nov. 25--Believing the club-wielding fiend who struck down nine women here has fled to another city, police today relaxed their vigilance somewhat and the panic among the terror-stricken feminine populace appeared considerably lessened.

For the first time in a week, Toledo women went about unescorted last night and few false reports of the "Monster of the Night" have been received at police headquarters.

Police Chief Jennings led a score of heavily armed patrolmen in a final search of the neighborhood in which the clubber has operated. The outlying districts will be patrolled nightly, however, until the maniac has been captured or until it is established definitely that he has brought his depredations here to an end.

COOLIDGE TO SPEND HOLIDAY AT HOME

Washington, Nov. 25--President will spend a quiet Thanksgiving at the White House tomorrow, with only intimate friends of the family as his guests to feast on the wild turkey dinner which has been planned for him.

No special arrangements were made but it is believed that he and Mrs. Coolidge will attend the morning congregational church in the morning. The President was much relieved at the latest advice from Major James E. Coupal, his physician, who went to Plymouth, Vt., to report on the condition of his father, Col. John Coolidge.

TWO MURDERERS ARE HELD IN COLUMBUS

Columbus, Nov. 25--Two murders, one attributed to an altercation over money and the other due to drunkenness, were recorded here during the night.

William Tharp, 65, former policeman and guard at the state penitentiary was shot by Charles H. Reasor, confederator in a quarrel over \$175 Tharp claimed Reasor owed him. Henry Atkins, colored, was shot to death by his wife, when according to the latter's claim, he returned home and began abusing her.

Both Reasor and Mrs. Atkins surrendered after the shootings. Formal charges of murder will be lodged against them late today, police said.

PHANTOM STABBER SOUGHT BY POLICE

Bridgeport, Conn., Nov. 25--Drastic action was considered here today to capture the "phantom stabber" whose attacks on young girls bear striking resemblance to those of the Toledo "clubber."

The entire city has been seized by a series of attacks extending over two months, which culminated Monday night with the stabbing of Catharine Dillon, 13, and Rose Keresky, 12. Both girls are recovering.

The American Legion and other war veterans organizations may be asked to form volunteer committees to patrol the city.

As in other instances Rose and Catherine were attacked in the early evening, as they were on their way home. All the stabber's victims have been under 16 years.

Mrs. Willard I. O. Twombly, wife of Chicago millionaire radio engineer, bounced a beaded purse off the head of a Broadway stage favorite she charged was too friendly with Twombly. Mrs. Twombly is suing for a separation.

EVANSTON RETAINS PEACE WHEN POLICE HAVE FIRING ORDER

President of Northwestern Apologizes For Action of Students

Evanston, Ill., Nov. 25--With orders to "fire if necessary" Evanston's police kept the peace today and further demonstrations by Northwestern University student mob appeared unlikely.

Walter Dill Scott, president of the University, apologized to the city officials for the actions of student rioters, who blacked the eyes of Mayor Charles H. Bartlett, burned an abandoned fraternity house and kept more than 100 police officers at bay Monday night.

Meanwhile, President Scott, Tim Lowry, captain of the football team, Glenn Thistlethwaite, head football coach and other athletic officials of the University sent a telegram to President C. C. Little of the University of Michigan, congratulating Michigan on its conference championship. First reports indicated the student riot was instigated because the Northwestern students claimed a tie with Michigan for big ten championship and resented declarations by a majority of sports writers who awarded the title to Michigan.

The demonstration, according to Lowry was merely staged in celebration of Northwestern's successful football season.

MODERATION LEAGUE REPORT ATTACKED

Westerville, O., Nov. 25--Dr. Ernest H. Cherrington, general secretary of the World League against Alcoholism today made public a statement answering the charges of the Moderation League that drunkenness in the United States is on the pre-prohibition level.

"Even if the figures purporting to represent present day conditions in cities covered by the supposed survey, are correct, they do not establish the fact that drunkenness is as prevalent as before prohibition," the statement said.

Cherrington pointed out that in those days, arrests for drunkenness always included disorderly conduct. Today man is arrested on a drunk charge whether he is disorderly or quiet, he said.

The figures of the Moderation League don't show a just comparison between a wet period and a prohibition period, Cherrington declared.

CHAIRS CANED BY OPPORTUNITY BOYS

Twenty five chairs, furnished by the public, have been caned by boys of the Opportunity School, since request was voiced by the school for chairs recently, according to Miss Evelyn McGiven, principal. The pupils earned thirty two dollars through the work, which is a part of their school instruction.

Pupils are now at work on fourteen chairs for the library. Miss McGiven is expressing her appreciation of the donation of chairs to the pupils.

SPRING VALLEY TWP. GIRL PRIZE WINNER

Word has been received at the Greene County Farm Bureau Office that Norma Gaddis, Spring Valley Township, won second state championship honors in third year clothing club work at Club Winners' week at Columbus, last week.

Ohio has approximately 18,000 girls in clothing clubs during the past year, consequently Greene County feels especially proud that one of her club members should be chosen from so many to receive honors.

BELIEVES IN USE OF NEWSPAPER SPACE SPEAKER TELLS DINERS

"I believe in newspapers—their advertising and their news columns," declared W. H. Bitner, general manager of the Springfield Dairy Products Company, with branches throughout this territory, at the annual dinner of employees of the company from Springfield and Xenia, at the First M. E. Church, this city, Tuesday evening.

"My company is fair to the newspapers and they are fair to us," he continued. Mr. Bitner has been in the dairy business for forty years and started the Springfield Dairy Products Company thirty years ago. The firm now employs more than 300 people in its various branches. The

general manager voiced the hope of the time when all milk would be pasteurized and pure. He has served as head of a large dairy organization larger than any other executive in

a similar position in Ohio, he said. Mr. Bitner's talk, together with other talks by employees followed a sumptuous chicken banquet in the church social rooms. The banquet was served by the women of the church and included every item on a

Thanksgiving menu. The tables were centered with bouquets of yellow and white chrysanthemums.

Mr. Bitner first introduced C. C. Link, vice president of the company, who presided as toastmaster. The Rev. F. W. Stanton, pastor of the

church, welcomed the organization and expressed Thanksgiving sentiments.

F. W. Confer, manager of the Xenia branch, spoke briefly, followed by H. E. Rice, of the Xenia Herald and Miss Nelle McKay, of The Gazette

and The Republican advertising staff. Other speakers were Harry Click and C. R. Noble, Springfield members of the firm.

Covers for more than ninety employees of the company, their families and friends were laid for dinner.

MODISH MITZI—She'll Take a Lucky Name, Please

By JAY V. JAY

If you're speaking of names to Mitzi these days, speak in numbers. Mitzi is offering a prize of \$50 for a name for her doll. She thinks she might find one according to numerology. It's such a jolly system. You might just choose the numbers that are luckiest and then—

Find a name to suit them. Not that Mitzi really believes in it, but then it won't do any harm to be on the safe side. Mitzi thinks three and eight are good numbers and they combine into eleven which is a marvelous and brilliant number. Surely the doll would like that.

Adelaide and Polly are naturally a bit surprised to come upon Mitzi muttering "Total—eleven" in a triumphant tone. They are all dressed to go for a stroll on the Avenue; Adelaide in a cape-coat of black velvet lined with fur and Polly in—

very military looking wool coat, fur trimmed. Of course they intended to ask Mitzi to come along but—perhaps she has a little fever and should stay home? Meantime, the doll protests. She doesn't want a license she wants a name—send her one to Mitzi in care of this newspaper.

MAYOR HARRY FRAHN OF OSBORN IS FOUND NOT GUILTY OF CHARGE HERE

Mayor Harry E. Frahn, Osborn, was found not guilty of being intoxicated on election day, November 3, by a Probate Court jury which reported Wednesday afternoon at 1:30 o'clock after deliberating an hour and forty-five minutes.

All members of the jury concurred in the verdict. The trial lasted one and one-half days.

By the verdict, Mayor Frahn is given a clean bill of health of charges brought by Constable Sidney M. Cornelius, Bath Township, that the mayor was drunk election day following his re-election as mayor of Osborn.

The case was given to the jury at 10:30 o'clock Wednesday morning at the conclusion of attorney's arguments.

Prosecutor J. Carl Marshall introduced nearly a score of state's witnesses before resting his case Tuesday. The state's testimony tended to corroborate allegations made by Constable Cornelius that Mayor Frahn drank freely with the rest in participating in the after-election celebration in Osborn November 3.

Earl Burrows, Osborn, was the state's star witness, testifying he smelled liquor on the mayor's breath the morning of election day and that a friend had helped the executive home that night.

The defense exerted an effort to

impeach Burrows' testimony attacking his character and truthfulness. Rebuttal witnesses called by the state Wednesday testified to the man's good character and reputation.

Mayor Frahn was also placed on the stand by defense counsel Tuesday afternoon and denied the accusation.

Although Mayor Frahn was acquitted of the charge it is believed a similar charge pending against Dr. R. B. Reed prominent Osborn physician, will come to trial in the near future. A new jury will be selected.

Mayor Frahn, Dr. Reed and fourteen Osborn citizens were arrested on affidavits filed by Constable Cornelius.

Charges of illegal possession of intoxicating liquor are pending against fourteen citizens of the village and each will be given a separate trial when the Reed case is disposed of.

Interest in the trial was manifested by the large crowds that attended each session. Because of the large crowd, scene of the trial was moved from Probate Court to the assembly room.

Prosecutor Marshall was assisted in prosecution of the case by Attorney J. A. Finney, Xenia city solicitor, and Attorney Morris Rice, of Osborn. Attorneys F. L. Johnson and Marcus Shoup represented the defendant.

OSBORN MAN KILLED WHEN HIT BY TRAIN NEAR HUFFMAN DAM

Samuel Meadows, 60, near Osborn, section hand on the Big Four Railroad, met instant death when struck by a westbound Big Four passenger train three miles from Dayton near the Huffman dam, Wednesday morning at 8 o'clock. The body was taken to Dayton and is being held pending an investigation by Coroner J. E. Torrence, Dayton.

Walking along the railroad tracks in the direction of Dayton Wednesday morning, Meadows failed to hear the train's approach from the rear, members of the train crew told authorities. The engineer also did not see the man ahead until too late to make an effort to stop the train.

Meadows was instantly killed, according to Coroner Torrence.

Meadows is survived by his widow and several grown children. The Meadows family makes its residence in an empty box car along the right-of-way of the tracks, near Osborn.

CEDARVILLE COLLEGE ANNOUNCES \$20,000 GIFT FOR GYMNASIUM

Through donation of \$20,000 by W. J. Alford, Eastern millionaire, to help finance the remodeling of the gymnasium at Cedarville College, work on the building will begin soon, according to announcement made by President W. R. McChesney, in chapel exercises, Wednesday morning.

Dr. McChesney was notified of Mr. Alford's gift Monday. The gift will be added to \$20,000 already raised by the college to make extensive repairs on the present gymnasium. Mr. Alford,

INSTITUTE LEADERS CALLED TO MEETING

F. L. Allen, supervisor of Farmers' institutes in Ohio, is calling an all-day conference of Greene County's institute officers and leaders and officers of other rural organizations, in the Assembly Room of the Court House, Monday, December 7, beginning promptly at 10 o'clock a. m.

About 125 rural leaders are expected to attend this meeting, when detailed arrangements will be made for an institute in every community where possible.

All persons interested are invited to attend this conference.

ROLL CALL TO END

Red Cross Roll Call in Greene County will close Thanksgiving Day, according to the Rev. W. H. Tilford, chairman.

Canvassers and solicitors are urged to gather their material and report to headquarters in Xenia by Friday.

the donor was formerly located at Anderson, Ind., and now has headquarters in New York City. He is at present in Paris, France.

Plans for the remodeling work include tearing out the side walls of the stalled. Exterior of the gymnasium or fifteen feet. The rear wall will be torn down and the building extended on this side eighteen or twenty feet. The old gallery will be built over and a basement built. A furnace will be building and extending them twelve ing rooms, showers and lockers installed in the basement and dress will be stuccoed and the entire building made thoroughly complete and modern.

Donation by Mr. Alford of the \$20,000 signifies a sentimental attachment for the building and Cedarville College. The gymnasium was formerly a Reformed Presbyterian Church, erected by Dr. Hugh McMillan, who, accompanied by his band of followers from North Carolina, settled in Cedarville in slavery days because they were opposed to slavery in the south.

Whittaw Reid, native of Cedarville, was baptized in the church hand attended the church during his residence, in Cedarville, before he became ambassador to the Court of St. James Great Britain.

Mr. Alford was taken by his father to Cedarville and baptized in the church and he later donated the building to Cedarville College, to be converted into a gymnasium.

The late Rev. J. S. Morton, father of Mrs. W. H. McChesney, was pastor of the church for forty years. The announcement featured Thanksgiving chapel exercises Wednesday morning. The Rev. Mr. Dungan of the Dayton Presbytery, delivered a short address.

Music was furnished by Professor John A. Talcott, of the department of

music, who accompanied Miss Ruby Burblek, who sang "Sunrise." Kenneth Little played a saxophone solo, accompanied by Professor Talcott.

Dr. McChesney's announcement was followed by a student demonstration, when college yells and songs were given.

MAKING IRON WITHOUT "PIGS."

PIG IRON since man first began to use metals in his conquest of the world, has been the basic form from which all higher types of iron and steel were made.

The production of pig iron may cease, and the direct manufacture of malleable iron and steel may become universal as the result of a new electrical process discovered and developed in Sweden. For three years experiments have been carried on at the Royal Technical High School in Stockholm and at the great Hagfors iron works. The results of these experiments have just been announced.

Iron ore and coal, mixed and fused in an electric furnace, have been made to produce pure iron, containing only .02 per cent of carbon, and steel that can be worked in the usual manner. The new process continuous, and the fusing ceases only temporarily when the furnace is tapped, while the absence of gases and slag produces a superior product.

A special electric furnace of commercial size has been built at the Hagfors works, and it is reported that the process is practicable from the commercial standpoint.

The application of electricity to various phases of the iron and steel industry has been a development of the last two decades. The United States now leads the world in the number of electric steel furnaces in use, and it is expected that the new Swedish process will attract wide attention from American engineers and metallurgists.

READING THE HAND CLASP.

NOTHING so eloquently reveals character as the hand clasp. One may train his voice to express courage and a cordiality; one may acquire a poker-face; one may feign pleasure at meeting and displeasure at parting; but the offered hand neither conceals nor deceives. A blind man, deaf and dumb from birth, can read this message of the hand.

Is it a hand that gives a quick, slight pressure and at once liberates itself? That sort belong to the busy man and is born of independence and individualism. If it is forbidding it is not sycophantic.

Is it a strong hand that functions with the irresistible determination of a vise? If it is, it belongs to a he-man—a go-getter—or to a true friend. Its warm and sturdy clasp belongs to a frank countenance and a feeling heart.

Is it a limp hand? Then it belongs to a limp man, to one who is too tired to be interested in persons and things. To him hand shaking is an unnecessary formality in which no energy should be wasted. Through its lack of interest it repels interest.

Is it a lingering hand which caresses rather than clasps and which refuses to liberate its prey—is it a predatory hand—until it has accomplished its purpose? This is the practiced hand clasp of the swindler and the cheat. It belongs to the man with a "mission" or a "message."

Grasp the hands of those you would have show their "hand."

PENAL REFORM ON THE WAY IN OHIO.

WITH Harry M. Daugherty leading a movement for the classification of offenders against the law and treatment according to that classification and legislative commission urging that the present penitentiary be used only to house chronic criminals, it looks like sentiment might be aroused for penal reform in Ohio. Such reform is not inconsistent with a growing sentiment that in some respects law-breakers have been too much pampered and have been the beneficiaries of too lenient courts, pardon boards and executives. Humanity in dealing with such delinquents need not interfere with efforts to make the meeting out of justice more certain and with less delay.

That there is need of humanity is evidenced by the plea of a Columbus newspaperman, thoroughly familiar with the situation, which indicates that the penitentiary is not a fit place even for hardened criminals. Charles W. Rife says:

"As far as its penitentiary is concerned, Ohio is still living in the dark ages. Built long before the days of the Civil war, it is still doing business. Long ago it became too small; for years it has been unable to properly take care of its ever-growing population. Finally, a new penitentiary was started on a farm near London. Because of the bickerings of politics and politicians, the London prison is still uncompleted. Now comes the charge that the old penitentiary in Columbus is a breeding place of tuberculosis—that men are dying there like rats in a trap. Isn't it about time for a new deal?"

THRIFT

"sing of thrift, that worthy trait
Which keeps one eye on cruel fate
And puts some rainy day away
For use upon the rainy day.
But in the miser's heart of ice
The virtue thrift becomes a vice.

A fool is he who pleasure mad
Forgets that crops are sometimes bad
And fails to save a little store

For times when want shall find his door.
But still a greater fool, I vow,
Is he who takes no pleasure now.

I cannot praise that sort of thrift
Which gives no needy man a lift,
Which starves the body and the soul
To reach some high financial goal.
And loves the shining yellow pelf
Not for its works, but for itself.

That sort of thrift which does not
Give
Forgets how brief the time we live
For at the last when death shall call
Who saves it all shall lose it all.
It seems to me the better way
To spend a little day by day.

When comes to me death's chilling touch
I hope I shan't have saved too much.
I'd rather have my neighbors say
That I had lived along the way.
Had loved and given my portion
Too,
Not left it for my heirs to do.

Several Reader Friends have written to ask me how they shall entertain their sewing clubs. Refreshments do not bother them—it is the problem of what games to play, that perplexes them.

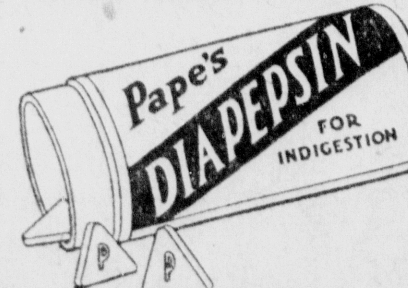

Perhaps the most popular way of entertaining a sewing club is to request each member to bring with them a piece of fancywork which can be completed (from start to finish) in one hour and a half. This article may be useful or pretty—or both. At the end of the sewing period everybody votes as to which piece of work is "prettiest" and which "most useful"—workmanship as well as effectiveness being taken into consideration. A dainty basket is a good prize to award the maker of the "prettiest," and a darning bag for the "useful" prize.

But often a "thimble club" prefers merely to play games, rather than to sew, at these special parties. When this is the case some such contests as the following are excellent to use:

Fabric Contest: Give each guest a sheet of paper on which you have

written the following questions: 1. What do the waves do? 2. An isthmus. 3. To cut grass, and part of the head. 4. Wide, and a fabric. 5. A stretch of mowed grass. 6. Indistinct, a pronoun and a beverage. 7. A musical instrument and a letter. 8. A native of a European nation. 9. To pretend and the noise of a mule. 10. To have arrived and a building material. 11. To have fractured and assistance. 12. The future of "an" and a letter. 13. A species of poultry. 14. Money and a name for body of water. 15. A girl's name (American). 16. Miss Marie Jacoby of Mechanicsburg spent the week end with Mr. and Mrs. Joseph Mason and Mrs. Mina Oglesbee. Mr. and Mrs. Mason's little daughter, Jean, is ill with chickenpox.

Mr. and Mrs. Vernon Jones' little son is ill with whooping cough.

Mr. Clarence Baynard, Mr. Frederick Hartsook, spent a few days in Frankfort on a hunting trip and were the guests of Mr. and Mrs. W. P. Maddux. They found game plentiful.

Mr. and Mrs. Wilbur Smith and family spent Sunday at New Burlington the guests of Mr. and Mrs. Ernest Hurley.

Mr. Harvey of Arkansas is visiting his cousins, Mr. and Mrs. William Miller.

A lecture was given at Caesar Creek High School Wednesday, the second number of the lecture course. A full house enjoyed the program.

The Rev. Mr. Dean will preach at Eleazer Church Sunday afternoon.

Today's Talks

EVER EXPECT

Nothing ever comes out exactly as we plan. Often it arrives bigger than we had anticipated. Sometimes it disappoints us.

But the more we expect, the harder we work to bring the thing we hope for to pass.

Each task, honestly handled, lifts us and inspires us to expect more next time.

Life is a turning over process. New angles are constantly being discovered. Our own individual philosophy is its greatest in the world if we apply it in the best way. Adaptation is an art that few ever master.

Experience must be rounded. You must earn a little spur even from disappointment.

And always expect that the next turn will be a better turn!

Ever expect.

Idle expectancy, however, never won anyone anything. I once saw a worker take a piece of plain sheet copper. He cut it, he hammered it, and he shaped it until it became a beautiful and useful article. And all the time he looked forward to that completed thing. He visioned

a lovely thing and he got it.

We have to keep hammering away, shaping and dreaming, and the intermixture brings forth something that is true and useful.

You can become your own greatest inspiration because you understand yourself better than anyone else does. Other people can discourage you in your undertakings, but if your faith is great enough, and you believe in yourself deeply enough, nothing can swerve you from the thing you undertake.

Keep big things before you and then—ever expect something bigger.

Stops Colds

The best way known to stop a cold is Hill's Cascara-Bromide-Quinine. Millions prove that every winter. It stops a cold in 24 hours.

Many thousands of people every year die from results of colds. Pneumonia alone claims 150,000. So a cold is a very important matter. Treat it in the best way known.

Take Hill's tablets the moment a cold appears. A cold is dangerous—stop it at the start. Do it in this way—the best way science knows. All druggists sell Hill's—Adv.

Permanent roads are a good investment—not an expense

What the Bates Road Proved About Highway Paving

The story of the Bates Experimental Road, built by the highway authorities of Illinois, is one it will pay every taxpayer to know.

For many days and nights fleets of loaded motor trucks passed over this two mile stretch, transporting a total of 377,460 tons.

Only thirteen of the original sixty-three sections survived. Ten were of portland cement concrete.

The other three had heavy concrete foundations which in all respects corresponded to the plain sections of portland cement concrete.

Many other sections with wearing surfaces placed on less enduring foundations were failures, proving that the foundation strength of concrete was the winning factor.

Many communities are profiting from the lessons taught by the Bates Experimental Road.

Is your community one of these? If not, why not?

Tell your local authorities you want your roads and streets paved with portland cement concrete. That will end once and for all the problem of costly maintenance.

MISS RUTH NEGUS TO PLAY TITLE ROLE IN AMATEUR PLAY HERE

Final selection of the cast for the Chi Beta production "Sunbonnet Sue" to be given in Jean B. Elwell auditorium, Friday, December 4, at 8 p. m., has been made.

The cast is as follows: "Robert Worthington," Howard Jordan; "Sue Worthington," Miss Ruth Negus; "Oliver Tobias McCormick," Robert Spahr; "Billie," Miss Helen Reutinger; "Pop Stoddard," William Spahr; "Mrs. Kirby," Miss Helen Hurley; "Howard Merton," Wendell Smith; "Enrico Morino," George Perrell; "Mr. Gorman," Clark Eckert.

The play is a comedy-drama set in the Ozark Mountains. Pathos is furnished by "Enrico Morino," owing to the villainous deeds of Howard Merton, who has a hobby of stealing other men's wives. The part of "Oliver Tobias McCormick" will furnish comedy, through his determination to be a movie star and his love for "Billie." The ending is said to be particularly pleasing.

TRAFFIC CLUB WILL STAGE FROLIC SOON

A. C. Bales, this city, is a member of the committee in charge of the "Frolic of Frolics" of the Miami Valley Traffic Club, at the Greystone Ballroom, Dayton, December 7, at 8:30 p. m.

The affair is for members of the traffic club, their families and friends and will be carried out informally. Dinner, dancing and entertainment will be furnished at \$4.00 per couple. Dinner will be served in the ballroom.

Paying For The Home

"Up to two years ago my money all went to doctors and medicine for my stomach trouble. I was constantly filled with gas and no medicine helped me permanently until I tried a bottle of Mayr's Wonderful Remedy at that time with excellent results. Now I am using my money in paying for a home." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sayre and Hemphill and druggists everywhere. adv

KIWANIANS ENJOY THANKSGIVING DAY PROGRAM TUESDAY

An interesting Thanksgiving program was enjoyed by the Xenia Kiwanis Club, at the weekly meeting in the Goody Shoppe, Tuesday evening.

Featured by a turkey dinner the entire program evolved around the celebration of Thanksgiving. H. C. Pendry, C. H. Coates and Elbert Babb were members of the committee in charge.

Babb read a letter to be sent to W. Crawford Craig, member of the club who is in the southwest for his health, signed by all the other club members. J. Thorb. Charters, vice president, was presented a bouquet of flowers by the club, in appreciation of his work in the organization. Musical program was furnished by a twenty-five piece girls' orchestra from the O. S. and S. O. Home. Colonel T. E. Andrews, superintendent of the Home, made a short talk, expressing his feeling for Kiwanis work and said he was endeavoring to carry out the club ideals in the institution.

H. C. Pendry read the first official Thanksgiving Day proclamation, read by Governor Bradford before his Puritan colony. George I. Graham was presented the club attendance prize.

Five-minute Thanksgiving talk was given by the Rev. F. W. Stanton, pastor of the First M. E. Church. He said in part:

"The story goes that a stricken instrument was placed over the bed of King David, and the northwind blew and caused soft and sweet music among its strings, with the message, 'Arise and read the law and return thanks to God.'"

"The human heart is a stringed in-

strument with 1,000 strings. The mercies of God are like the winds from the north. They blow over our lives and ought to awaken us to arise and praise God. We should think on our physical, intellectual, spiritual social, home and national mercies.

"We ask God for too many things and thank Him for too little. We are not unlike the animal who eats the acorns on the ground but never looks up to the tree."

Annual Kiwanis Section will be held next week. Present officers will serve until the first of the year when the new officials will take charge.

PRISONERS AT JAIL TO FEAST THURSDAY ON ROAST CHICKEN

Listen to this menu!

Roast chicken, gravy, mashed potatoes, cranberries, coffee and bread and butter.

That's the Thanksgiving Day dinner to be prepared by Mrs. Morris Sharp, matron, for prisoners of the Greene County Jail Thursday noon. And to top this off, Mrs. Sharp plans to prepare some form of delicious dessert.

Better send in reservations now for covers will be laid for only the twenty-nine "guests" now confined in the jail, according to Sheriff Sharp.

Sheriff Sharp also announces that the usual custom will be followed Thanksgiving Day in allowing friends of the prisoners to bring additional delicacies. The prisoners will be permitted to accept about anything in the way of gifts but saws, chisels and certain other restricted tools, he said.

Preparations are being made to accommodate the largest number of prisoners ever to enjoy a Thanksgiving Day feed in the jail.

Luxuries in the way of food are

only allowed jail prisoners by the county at Christmas and Thanksgiving.

What 36 years Electrical Experience did to a Radio Set

36 Years

electrical experience gave the Day-Fan Radio such perfect precision that the Air Telephone Directory tells you in advance where every station comes in on the dial, or with any 5-tube Day-Fan you can just turn to the newspaper numbers.

36 Years

electrical experience gave the Day-Fan Radio such selectivity that turning from one number to another kills a powerful station and brings in the full beauty of one hundreds of miles away.

36 Years

electrical experience gave the Day-Fan such tone that it pours into your home the

full beauty of the highest notes of a violin or the lowest bass rumble of the organ pipe.

36 Years

electrical experience gave the Day-Fan the distinction of being not just a radio set—but a great musical instrument.

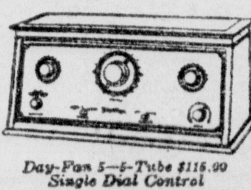

36 Years

electrical experience made the Day-Fan Radio so easy to use that every one in the home can operate it.

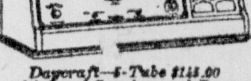

Test all these points yourself in our store—this evening—and see what 36 years' electrical experience has given you.

Play this hunch and you can't lose

GET out that little old jimmy-pipe. Fill the bowl to the brim with Prince Albert and light up! Will you like it? Man, man! Does a kid like ice cream? Can a bullfrog dive? You bet you will like it, like you never liked anything before.

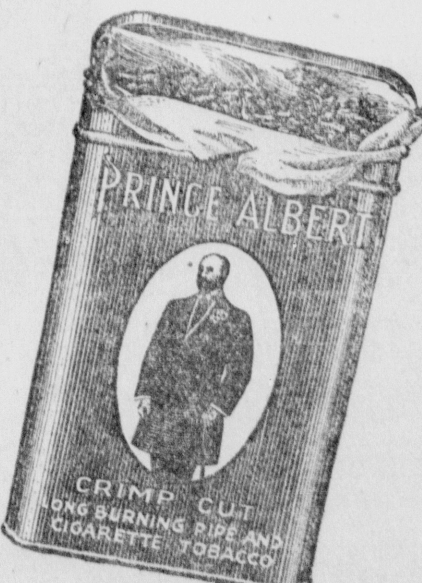

Because, what a man's smoke-appetite hankers for, Prince Albert's got nothing else except! Yes, sir, you can bet your life on that. You'll fire-up right after breakfast and stay with it till the little blue stars wig-wag "Good night."

Never was a pipe tobacco like good

old P. A. Cool and sweet and soothing, the smoke zooms up the stem, bowling over pet peeves and filling your system with a new kind of joy. And how kind it is to your tongue and throat. That's because the Prince Albert process cuts out bite and parch ab-so-lute-ly!

So, slip into top-speed and head for the nearest store where they hand out jimmy-pipe joy in tidy red tins. If you haven't got a jimmy-pipe, get one now. Then borrow a match and you're all set for a smoke experience!

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humors, and pound crystal-glass humors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.

Look at the U. S. revenue stamp—there are TWO full ounces in every tin.

Improper Lighting Makes Workmen Indifferent

Good Lighting Keeps Them Alert

Near the end of the day when work becomes monotonous, factory hands lower their normal speed of production. Then the daylight grows dim and makes this condition worse.

Good lighting supplementing daylight keeps their minds awake and does not allow them to become dreary.

Yet four of every five plants are poorly lighted. Is your plant one of them?

Good artificial lighting in your plant can give 15% increase or more in production or its equivalent in lowered manufacturing cost.

This problem of proper lighting in the factory is one of great importance and may mean the difference between profits and losses when the balance sheet is drawn.

Without obligation to you we will gladly investigate your lighting needs and recommend improvements that will enable you to decrease your cost of production by increasing production with the same men and equipment.

Ruth Burns sang "Ave Maria" and Mrs. J. W. Johnson and Professor Smith sang "A Letter From Home." Supervision of the music was under the direction of Professor Harley H. Smith. Awarding of prizes was made by Dean B. E. Robison. Invocation was offered by the Rev. J. C. Bennett, pastor of the Cedarville Methodist Church and the benediction was pronounced by the Rev. W. P. Harriman. The Rev. Ervine L. Dungan, D. D., pastor of the First Presbyterian Church, Troy and chairman of the Synodical Education Board of the Dayton Presbytery will deliver the Thanksgiving address in the college chapel, Wednesday morning of this week at 10:30 o'clock.
